Title: Story of the Mug

Author: A Celestial Chronicler

One Day Connor Macleod
and Sinatrad were
searching the forests of
Yew for green folk called
Leprechauns.
After searching high and
low for hours, Connor
finally spotted one and
the two men gave chase.

They ran clear to
Skara Brae before
Sinatrad tackled the small
man.
The Green Man responded
to his capture by
granting the two with one
wish, and one wish only.

Sinatrad sat and began
to think hard about what
to wish for, and began to
sit down, when Connor,
leaning up against a tree
blurted out,
"Well Hell, after all that
runnin', I could use a
Ale!"
And So thats what the
two recived, the
Leprechaun gave Connor a
green mug full of ale and
vanished. And, well, The
rest is history...
